Aspen Garden Growers Club

Building on our compelling purpose at Aspen, our goal is to create connections with the community to provide education, resources and national networking opportunities. Members of the Aspen Garden Growers Club will be immersed in a real-world project that will not only promote the love of gardening, floral design and civic/environmental responsibility, but also to encourage students to become scholars, explorers, collaborators and innovators .Aspen students lead toward a vision of community good and strive to make a difference. Our students are scholars who are interdependent with each other, their community and the natural world.

We will meet: **Tuesdays, Wednesdays and Thursdays from 3:00pm – 3:30pm**
